Assembly Instructions

Kit includes: (A) Track (B) 3 x Light Bulbs (C) 3 x Light Clamps (D) Screws (E) Allen Key (F) Plastic Ties

1
Loosen the clamp by turning the screws to the left.

2
Place the clamp on the track.

3
Place both sides of the clamp on the track, and tighten the screw.

4
Use the Allen key to loosen both screws in the the clamp.

5
Slide the two prongs into the holes of the clamp.

6
Make sure that the light bulb is all the way in the clamp.

7
Tighten the screws again using the Allen Key to hold the light bulb in place.

8
Use the screws under the light bulb to adjust the position of the light.

9
To mount the lights on a truss system, place the plastic ties in the slots. (On other surfaces, the screws may be used)

10
Pull to tighten the tie.
